Editor's Note: August

Welcome to our Endless Summer issue of Hot Moms Club! Why did we call it Endless Summer? Because hot weather plus kids home all day plus reruns of our favorite shows is getting old -- fast. Are you getting tired of hearing your kids say "I'm bored" a hundred times a day? Try telling those pint sized freeloaders to bake you banana bread or throw in a load of laundry once in awhile! Would it kill your two-year-old to help out around the house in exchange for all those cookies and apple juice? Okay, if that doesn't work, do what I do, stick 'em in front of the TV cause you deserve a break and some HMC reading time, dammit!

This month is just the break from the mommy monotony you need. Just look at our home page - we've got two amazing cover moms: Nanny Stella from Fox's Nanny 911 who gave me a truly fascinating and eye opening interview. Plus, ESPN's sexy yet sensible Genevieve Chappell who proves women can do just fine in a man's world thank you very much! Also in August, we have a new columnist joining us: a hilarious and talented new mom of a five-month-old daughter, Sasha Brown-Worsham (column). Go read her first offering. You'll never watch the "big babies" segments on Maury Povich quite the same way.

Without further adieu, I have a couple of announcements: I, Stefanie, your trusty

editor, am in a family way; a big family way. I'm four months along with twin girls! Yes, I'm soon to be pulled into the abyss of 4 a.m. feedings, twenty-four hour diaper changes and matching onsies. So here's where you come in: If you want me to road test any of your twin products, I will be inviting you to send them in and have them reviewed on Hot Moms Club. After all, I'm sure not the first and won't be the last to be doubly blessed so I'd love to keep our twins moms in the know.

Our resident style and image expert, Jamie Yasko-Mangum has recently published two fantastic books; Look, Speak & Behave for Women and Look, Speak & Behave for Men. We're so proud of her! Getting your books published is a huge deal! These invaluable, savvy guides will help you and the man in your life command respect personally and professionally. Read her article on being a credible, confident and stylish mom and then go pick up her books or order them on Amazon today.

Lastly, the Hot Moms Community site is up and running. This is a fabulous place to read cool blogs, find groups of like-minded women or start your own! It's similar to My Space but just for moms so go to my.hotmomsclub.com set up your personal profile and begin networking right now! You can put up pictures of your family, videos, links to products or anything you want. Best of all, it's so simple even I'm doing it.

As always HMC is chock full of recipes, fun features and our guide to What's Hot so make sure your kids are watching anything besides Barney and dive in!
